The requirements shall also provide for ongoing discussions with licensee-approved mentors and client management in order to develop an understanding of professional responsibilities.
- (4) An authorized designated body shall also require that each student fulfill, within the 30-month training period referred to in Section 1(1), a minimum of 2,500 chargeable hours in public accounting and other accounting services, which shall include:

The balance of these requirements may be gained in the five years immediately prior to commencing the professional program in public accounting provided the experience is verifiable.

- (7) An authorized designated body shall require that the appropriate licensee in the approved training office sign a declaration that a student being presented for licensure has completed the duration and the chargeable-hour requirements and that the student has been exposed to a reasonable cross-section of the competencies set out in the applicable competency map(s) and any related resources.
